

Sedalia Evening Democrat.

NEW SERIES.

SEDALIA, MISSOURI, WEDNESDAY EVENING, MAY 1, 1895.

PRICE, FIVE CENTS.

THE ELECTION BILL.

It Goes to the House for Consideration.

A FELLOW-SERVANT BILL.

Will be the Next Measure the Senate Will Consider—Both Sides Will be Heard.

Special to the DEMOCRAT.

JEFFERSON CITY, Mo., May 1.—The senate session was a brief one today. Having passed the election bill yesterday, there was nothing for the senate to do until the house action on the bill is known. So after a brief session the senate adjourned until Friday at 10 o'clock.

Petitions for the passage of a fellow-servant bill were introduced by Senators Lancaster, Baskett, Ballard and Williams.

A sharp little tilt between Lancaster and Lyman over the appropriation bill disclosed the fact there is much anxiety on the part of some to hurry the appropriation bill. Back of this is said to be a scheme to adjourn sine die without passing a fellow-servant bill.

The senate will formally inaugurate the fellow-servant bill war Friday night, when the senate committee on labor will hear the arguments of two well known men. Fred W. Lehman, of St. Louis, solicitor for the Wabash railway, will tell why the railroads do not want a fellow-servant bill, while ex-senator Cochran, of St. Joseph, will speak for 40,000 railroad employees who want protection.

Matters in the House.

The house expects to get the election bill tomorrow afternoon, and until that time it has little to do. This morning it adopted two resolutions, heard a speech from "Fiddling Bob" Taylor, ex-governor of Tennessee, and adjourned until Thursday at 2 o'clock.

The first resolution adopted was presented by Mr. Phipps, of Kansas City, and asked the governor to send in a supplemental message allowing the extra session to pass a bill reducing telephone rates. The second was presented by Moran, of St. Joseph, and called on the state department to investigate the imprisonment of John L. Waller, the ex-Kansas negro, who is charged with being a spy upon the French in Madagascar and is now in a French prison.

DIDN'T BLOW OUT THE GAS.

But Wrapped a Towel Around the Incandescent.

MACON, Mo., May 1.—W. M. Gottschalk, of Milan, Mo., came near losing his life in a peculiar manner in the Palace hotel in this city last night. When he retired last evening, instead of turning out the electric light in his room he wrapped a towel around it.

After a time the towel caught fire from the intense heat of the globe, and dropped to the floor, where the sparks communicated to the carpet, and the room was filled with a dense smoke. Fortunately the transom over the door was slightly open, and through this crack the smoke rolled out and found its way through the corridors down to the office, and

was seen by the night man, who traced it to Mr. Gottschalk's room. It was with the greatest difficulty the occupant was aroused, and when he was the smoke was so dense he could not find the door. Entrance was at last effected and the half-suffocated man was relieved from his dangerous position.

CRIMINAL COURT.

Five Indictments Returned Last Evening—Other Cases.

In the Pettis county criminal court, Special Judge P. D. Hastain presiding, a number of entries were made today.

Frank Fitch, charged with the theft of tobacco from the Guerrant factory, was ordered sent to the State Reform School at Boonville, to remain until he attains his majority.

Jas. Joplin and Jos. Wilson, the latter colored, for complicity in the tobacco thefts, had their cases continued until the next term.

Indictments were returned against John Morgan and Frank Golden, tramps, for burglary, and their cases went over until the next term. Indictments were returned against

BLACK and RUSSIA Shoes and Oxfords Spring styles now in at WM. COURTNEY'S

Messrs. Yearkey and George, also tramps, for burglary, and their cases were set for trial May 31st, before Judge Hastain.

Robert Rader, who was paid \$45 by Marvin Thornton on a check that only called for \$4.45, pleaded guilty to petit larceny and was sent to jail for 30 days.

A panel of thirty jurors was ordered for May 31st, to which date court adjourned.

Cancelled the Date.

Secretary Chapman, of the Future Capitals, has cancelled the game with the Kansas City Schmellers for Sunday, and has substituted the Hannibal club, which will play here both Saturday and Sunday. Charlie Hoover says the Hannibal team is a crack organization, and the DEMOCRAT hopes to see a large crowd present at both games.

A Preliminary Tomorrow.

Sheriff Porter will be at Clifton City tomorrow, a witness at the preliminary hearing of Norwalk and McCormack, who are charged with burglarizing a store there.

A Good Dinner.

Four East Sedalians who went to the Lamine river fishing failed to catch any fish, but they enjoyed the day in the woods, and said that their dinner tasted better than any they had eaten in a long time. Their bill of fare was coffee with evaporated cream, bread and butter, deviled ham, corned beef, bologna sausage, cheese, pickles, assorted cakes and a tin of Anderson's preserves, all of which was furnished by W. J. Letts, the East Sedalia grocer. Fishing and picnic parties can always get a complete dinner from him, ready to be served.

They were walking along the street, and he was talking very earnestly to her when she happened to notice where she was and exclaimed: Oh! I must stop in at Mr. Letts' store, he has just got in a new lot of Kennedy's cakes, and mamma told me to come by and get some of them.

RAN INTO AN ENGINE.

An Accident at the Washington Avenue Crossing.

A farmer named Hamlet, residing in the Beaman neighborhood, drove his team into a Missouri Pacific engine at the Washington avenue crossing at 4 o'clock yesterday afternoon, and it was almost a miracle that the animals were not killed.

John Blue was in charge of two engines, and was backing them up to the shop, when the team collided with one of the locomotives.

One horse was injured and may die, while the wagon tongue was broken and the harness torn into strings.

Mr. Hamlet claims that the engines' bells were not ringing, but this is denied by Mr. Blue and others, who say that both bells were ringing before and when the accident occurred.

LOUTON'S NERVONAX

Fills every vein and supplies every fiber with fresh blood. Strength and vigor abound, and disease is expelled. Read the following:

ST. LOUIS, Mo., April 11th, 1895.
The Alpha Chemical Co.
GENTLEMEN:—Every year, about this time I suffer from a weak feeling, tired out, as it were, also nerves and dizziness. I have been advised to take this and that medicine until I got pretty well disgusted with medicines, as they did me no good. A friend prevailed upon me to start in this spring with your medicine, after considerable effort on his part I concluded to try it. I can only say that after taking two bottles of your Nervonax I could not help expressing to you my appreciation of the medicine. It is a dandy sure. Never felt better in my life—feel that I am as strong as a giant. I am never without it.
Yours truly,
JAB. B. SPEERS.

Will Wed Next Tuesday.

Miss "Jimmie" Hughes, a former resident of Pettis county, sister of Mrs. M. T. White, of this city, and a truly beautiful and accomplished young lady, will be married to Mr. Watkins, a San Francisco banker, on Tuesday next, May 7th. In anticipation of the happy event, the DEMOCRAT extends its congratulations.

Continued Two Cases.

John Hollenbeck, charged with disturbing the peace of Clyde Beaman, and Os Ross, colored, for a like offense against Ella Baker, also colored, had their cases called in Justice Fisher's court today and both were continued until Monday next.

Sent Up for Fifteen Days.

Wm. Woods, colored, who was arrested last night by Officer Boult for the theft of a ham from Gresham Bros' store, was convicted of petit larceny in Justice Fisher's court this morning and sent to jail for fifteen days.

THE MUSICAL CLUB.

The Concert Given at the First Congregational Church.

VERY BRILLIANT SUCCESS.

An Open Session of the Most Popular Musical Organization in the Prairie Queen.

The Congregational church was a scene of beauty last evening when forty of our most beautiful and accomplished ladies came in from the lecture room and marched down the main aisle and filled the chancel of the church. The occasion was an open session of the Ladies' Musical club of our city, and the entertainment added new laurels to their wreath of glory. As early as 7:30 o'clock those fortunate enough to have tickets began to enter the church. The guests were met at the east door of the church by Mesdames Bullard and Zimmerman and were escorted to their seats by the Misses Jessie Smith, Richardson, Van Antwerp, Major and Small, who were the efficient ushers.

Promptly at ten minutes after eight o'clock the doors were locked and the beautiful programmes, containing each number in full, were distributed. As the members of the club came from the lecture room on to the platform—all appearing in full dress—they were greeted with hearty applause by the artistic and cultured audience present.

The first number on the programme was a solo and chorus called "The Reapers," by Clapisson.

Miss Florence Hoffman sang the solo in an acceptable manner. She has a beautiful quality in her voice and bids fair to make a fine singer.

Miss Johns' piano number was a double one, consisting of "Murmuring Breezes," by Jensen-Hiemann, and the waltz in D flat by Chopin. Miss Johns is well known professional. She shows talent, careful training and intelligent interpretation in her playing. Her technique is finished and she breathes soul into the notes of the piano.

Rubinstein's "Water Nymph," for alto, solo and chorus, is a beautiful composition, written as descriptive of the lightness of a fairy borne on the wave of the sea. Its correct rendering demands lightness of voice and delicacy of execution. Mrs. Rodes' flexible and resonant voice seemed to bend and sway in wave-like motion, as with pure, rich tones she sang of "the hero who slumbers, the prey of the clamorous waves." Mrs. Rodes is one of Sedalia's most accomplished musicians and she is worthy of great praise in her rendering of this solo. Miss Hawley was to have sung the number, but was so ill that Mrs. Rodes at the very last moment learned the song and sang it like a true artist.

The Mandolin club, under the capable direction of Mrs. Gregg, rendered "La Paloma," by Tradier, very acceptably. The time and expression were good, and the number was one of the most enjoyable on the programme.

"Ave Maria," by Abt, soprano, solo and chorus, was well given. Miss Stark has a clear soprano voice and sings with artistic taste.

Miss Shepard rendered De Beriot's first concerto for violin in a charming manner. She bows gracefully and the tone is never forced. She is a most accomplished musician.

The "Flower Song," from Faust, as sung by Miss Cornany, was a gem of the evening. She possesses a grand, deep and rich voice, and has great talent. Under the careful training for the past two years of Mrs. W. D. Steele she has developed into a fine singer. There surely is a future before this gifted vocalist in the song world.

The spinning song, from Wagner's "Flying Dutchman," for soprano and alto and solos chorus of women's voices, is a difficult composition. Its correct rendering will grace any programme and honor those who assist in its execution. It was superbly given last evening. Miss Nettie Mertz has a fine voice and good technique. Her voice is charmingly rich and sonorous.

Mrs. David Dodge was at her best, and she sang magnificently. Finished, even and with superb taste and fineness of technique did she sing of the woes of her con-

THE DEMOCRAT, SEDALIA, MO.

OFFICE, 307 Ohio Street. Telephone 232.

THE Greene county democratic central committee has declared in favor of holding a state convention to promulgate the doctrine of the democracy of Missouri on the silver question.

DECORATE the city in honor of the commercial travelers on Friday and Saturday and make these gentlemen feel that they are in the house of their friends while they are in Sedalia.

No one can blame the English for loving Glover. If he would move over there perhaps he would be elected king sometime.—Gazette.

That would probably restore harmony in the local republican ranks and would prevent Lew Kahrs from being cast overboard in order to make Glover marshal. It's a good scheme.

THE action of Special Judge Hastain in refusing to pass upon the indictments against Mr. Newkirk leaves the case unchanged. The people only desire to see a fair and impartial trial and that justice be done. They do not desire to see the innocent persecuted, but neither do they desire to see any guilty person escape the full responsibility for his acts.

In face of the fact that the non-partisan election law passed the senate by a vote of 26 to 8, will the house permit Boss Filley's "pride of authorship" to defeat election reform? What say such republicans as Bothwell, Bittinger, Tubbs and others who have not heretofore worn the Filley livery? Right now is an opportunity for some talented "silk" to take a fall out of the ancient schemer.

"Money of ultimate redemption" is the latest fad with the goldbugs, and the DEMOCRAT has fallen into the trap.—Gazette.

"Money of ultimate redemption" is an old "fad" with democrats and everybody else except the populist fiat money advocates. But money of ultimate redemption does not mean a single gold standard. This country enjoyed such money composed of gold and silver up to 1873, and it is for the restoration of this system that free coinage democrats are contending. If the Gazette is opposed to money of ultimate redemption it cannot honestly advocate free coinage, but should have the courage to declare for the populist doctrine of a paper money without coin support.

THE senate yesterday, by a vote of 26 to 8, passed the election bill prepared by the St. Lou's committee of safety as a substitute for the bill that had been prepared by Boss Filley and crammed down the throats of the members of the house. Six of the republican senators refused to swallow the Filley dose and voted with the democrats for the safety committee bill, and thus the house is left before the people of the state as preferring to obey the dictation of a notorious machine politician rather than be guided by the advice of a non-partisan committee that had been organized for the sole purpose of framing an honest, efficient election law.

"As the Gazette expected, the DEMOCRAT is a free silver advocate on a gold basis, and believes in silver money if it can be made as valuable as gold money."—Gazette.

The Gazette, if it can understand the English language, knows that the DEMOCRAT has advocated no such thing, but has distinctly objected to measuring silver by gold. It is the single standard that is objected to—the confining of primary money to gold alone. But the DEMOCRAT believes that unlimited coinage of silver at the ratio of 16 to 1 will relieve the pressure for gold and stimulate silver until the bullion value of the metal in the one

dollar is equal to that of the other. A limited supply and an unlimited demand for each will make the two equal. But if experience shall demonstrate that this belief is an error, then bimetalists, the DEMOCRAT included, will favor changing the ratio by reducing the amount of gold or increasing the amount of silver in a dollar. This is the democratic doctrine which it seems impossible for the Gazette to understand. That otherwise bright journal seems to have gotten the republican gold standard policy so mixed up with the populist fiat money idea that it cannot follow a straight path or understand a proposition that means safety and honesty alike to debtors and creditors.

If the Missouri Pacific will call off its professional lobbyists and send its ablest attorneys to the capital they will receive a respectful hearing upon all questions which affect railroad interests. The people of Missouri are proud of their great trunk line railroad and anxious to see it flourish, but they will not consent to see it frame the laws of this state, and the sooner this company confines itself to the business for which it was chartered the better for the stockholders.

WELCOME THE TRAVELERS. On Friday and Saturday the Sedalia council of the United Commercial Travelers of America will entertain the commercial tourists of the state.

As a body the commercial travelers have no superiors either in intelligence or enterprise and Sedalia and Sedalians should do everything in their power to make the stay of these gentlemen in the city pleasant.

The board of trade is co-operating with the local council of commercial travelers, but every citizen is urged to do all in his power to assist in entertaining the guests.

It is desired to have the business portion of the city and as many residences as possible decorated and the assistance of every citizen is earnestly desired.

These commercial tourists know how to appreciate a hearty reception and a cordial greeting, and they will get both when they come to Sedalia.

IS IT A FARCE?

The Post-Dispatch editorially makes this specific statement that bears directly upon the question as to whether the free pass investigation proposed by the house of representatives is a howling farce:

It is charged distinctly and specifically that Chairman Hammond, of the Pass Investigating committee has used a pass ever since he has been a member of the house, that he has ridden on it on his trips to Kansas City, and that during one of his trips to the capital during the regular session he and a friend who was with him both exhibited passes to the conductor and rode on them. Evidently Speaker Russell knew what he was about when he selected the membership of the Pass Investigating committee.

See Chas. Bard for belt buckles.

WILL TRAIN HIMSELF.

Fitzsimmons' Intention Regarding His Coming Fight.

Bob Fitzsimmons was interviewed at Cincinnati Monday and talked in the following interesting manner: "I will train myself, as I always do. I will engage a man to rub me down, but I will be my own boss in regard to work. I know what to do, and how to do it. I have been through the mill enough times to know how to fit myself for a contest. I never felt better in my life than I do now. I feel that I will win with Corbett. I don't care how soon the fight will take place. The sooner the better. I would just as soon fight on a week's notice as not. One thing sure, if no club will give us a purse, we will fight for the side bet. I hope it won't come down to that. I want a purse, if I can get one, so the winner will get something for his trouble.

"I strike some tough customers on the road sometimes. The other morning in New York after I had punched the bag three rounds and gone on with my partner for three rounds a fellow stood up in the audience and said he would like to go on right away. I have a standing offer of \$100 to anybody that I can not put out in three rounds. I don't bar anybody. It is always open. This was a great big husky guy who could hit like a trip-hammer. He knew a little about the game, too, and caught me a hard one with his right that shook me up a bit.

"Then I went after him. I kept playing with my right. I missed him purposely with my right no less than five times. Then he got to looking for my right. He thought I was playing for a blow from that quarter. When he was watching the right I suddenly 'hooked' him a hot one with the left. He fell in among the scenery and it took ten minutes to bring him around.

Will Appear Tomorrow.

The Daily Morning Capital, a straight-out republican paper, will make its appearance tomorrow. It will be a handsome sheet of four pages, eight columns to the page, set in brevier type, and will be edited by Gen. John H. Rice, late of Fort Scott. The remainder of the staff and force will be as follows:

H. V. Rice, business manager; Dr. T. T. Clifford, advertising manager; Wilbur S. Allen, city editor, with Fred Huerman and a second gentleman as assistants; Miss Nellie Niles, book-keeper; J. J. Cundiff, foreman, with the old Gazette force as compositors, viz: Messrs H. S. Suttle, John Weisenbach, George Kraut, Will Knight, Henry Cue, Arthur Buckley and Miss Belle Gilson; Ed Cundiff, circulator; Jas. Kell, pressman.

Two Lively Days in Sedalia.

Friday and Saturday promise to be quite lively days in Sedalia, especially for reporters. Not only will the state convention of the Y. P. S. C. E. be in session, but also a like convention of commercial travelers; and while the news gatherer is resting, he can run over to the George R. Smith college and report the commencement exercises.

Heard Has Rheumatism.

Ex-Congressman Heard arrived in Washington yesterday, but is confined to his rooms at the Riggs house by an attack of muscular rheumatism. As soon as he feels well enough to stand the trip he will go to the Hot Springs of Virginia for the benefit of the baths.

Two Teachers Chosen.

Prof. R. H. Emberson, of Marshall, has been elected principal of the Columbia, Mo., public schools, and will accept. Mrs. Quisenberry, also of Marshall, has been elected principal of the Carrollton High school, and she, too, will accept.

Wants Sedalia Substituted.

It is said that Mr. Von der Ahe contemplates replacing the present team with the Future Capitals, of Sedalia. The move would be a popular and wise one.—St. Louis Globe-Democrat.

A Wild Woman, Too.

Ex-Councilman T. B. Young was out on Flat creek Sunday, and is emphatic in the statement that a "wild woman" is in camp there—a companion, he thinks, to Fred Barde's "wild man."

A Burglar's Good Haul.

THE PHELAN ATTACK

St. Louis Endeavorers Will Pay No Attention to It.

THE SOURCE CONSIDERED.

An Iowa Paper Pays Its Respects to the Sensational Priest—Wants to Sell His Papers.

P. H. Hanson, president of the St. Louis Christian Endeavor Union, when asked what action the local Endeavorers had taken in relation to Father Phelan's attack, replied:

"None whatever. I do not consider it worth noticing. This man Phelan is trying to sell his papers. He has finished up with the A. P. A., and now takes up the Christian Endeavorers. I do not propose to assist him in his efforts. He has attacked a bigger thing than he is aware of. We number over 3,000 members. Our national conventions call out 50,000 of these members. We have been in existence fourteen years and are endorsed by every protestant church in the land. Every society is under the control of church officers. We stand responsible to the Lord Jesus Christ, first; then to the church, for what we do. As an association our reputation is established. There has never a scandal grown out of one of these conventions such as Father Phelan hints at.

"There are no more opportunities for wrong conduct among young people attending our conventions than at home. Just look at the situation. Although Phelan would make it appear that these conventions are composed wholly of young people, the fact is a large proportion of those who attend are married; they are husbands, accompanied by their wives, and they act as chaperones for the unmarried. There will be 300 members from St. Louis, and 300 additional from the state, in attendance on the convention in Boston next month. The entire state delegation will stop at the United States hotel. Men and women will be appointed for certain duties. We travel with as much system as a body of Masons or other organizations. I would as soon trust my daughter, alone, at one of these conventions as I would at church or at home.

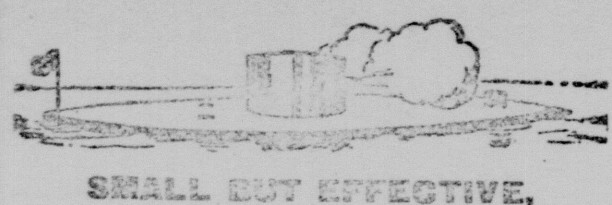

"There is no foundation for this attack of Phelan's. It will have no force where he is known. He is a sensationalist and runs his paper on that line. Personally I am not in favor of taking notice of him. I cannot say what the union here will do. There has been one meeting since he commenced the slander. Nothing was said about it."

Acting Chancellor Father Fitzpatrick said about the probability of Mr. Satolli taking action in the matter at the request of Asbury Park Endeavorers:

"No, he will not. If he does anything he will refer the case to the ordinary here. If it is made a case, it will be one for a bishop's court. I hardly think the Endeavorers will push the matter. I understand Father Phelan has evidence to prove his statements. One reason why I do not think the apostolic delegate will consider the case is because Father Phelan is vigorously attacked night steamboat excursions, which are sometimes given by Catholic societies."

St. Louis has in Father Phelan, priest and editor of the Watchman, a man who is a perpetuation of sixteenth bigotry, says the Iowa State Register. A year or more ago he stirred up trouble in his own church, and he was compelled to retract. A few weeks ago he came to Des Moines to lecture on St. Patrick's day and made a commonplace address. But his latest performance is the most extraordinary. In an editorial in the Watchman he made an attack on the Society of Christian Endeavor and the Epworth league. Of them he said that "they are actively engaged in courting when not most actively busy in singing and praying." He then made some references about these young men and women going away from home to carry on their courting and what follows.

As might be expected the Protestant press is aroused, and even the secular press, non-sectarian, has severely condemned the St. Louis man, who is hardly entitled to be called "father." The language he uses is that of a blackguard. We could expect it only from men like Priest Phelan and ex Priest Slattery. The two stand before the public on the same pedestal. Neither the Society of Christian Endeavor nor the Epworth League is in need of

SMALL BUT EFFECTIVE.

Was the little Monitor that met the Merrimack at Hampton Roads. So too are Dr. Pierce's Pleasant Pellets, effective in conquering the enemy—disease. When you take a pill it's an important point to have them small—provided they have equal strength and efficacy. You find what you want in these little liver pills of Dr. Pierce. They're put up in a better way, and they act in a better way, than the huge old-fashioned pills. What you want when you're "all out of sorts"—grumpy, thick-headed and take a gloomy view of life, is these Pellets to clear up your system and start your liver into healthful action. Sick Headache, Bilious Attacks, Constipation, Indigestion, Bilious Attacks, and all derangements of the liver, stomach and bowels, are prevented, relieved, and cured. Put up in sealed glass vials, and always fresh and reliable.

JAMES WILLIAM CRAIG, Esq., of Georgetown, S. C., says: "My wife thinks your little 'Pellets' are the greatest pills out."

defense. What they are is known of all men. What they have done for the churches and humanity cannot be overestimated. If now and then a young man should fall in love with a young woman—so much the better. Marriage is not forbidden among them. That there have been gross immoralities among them, as Father Phelan intimates, is a gross lie, of course.

Nor ought the protestant press to take Father Phelan as an example of the Catholic priesthood. He is one of the few bigots in that church. He is an old fossil. That such a man can do immeasurable harm to the Catholic church need not be pointed out to Catholics; a slan-

PREMIUM MEATS.

Spayed Heifers a Specialty.

Beef from the old retired milch cow and cattle from the plains has been tried and found wanting in everything but bone, sinew and gristle, and lacking in juice, flavor, fat, tenderness and weight; it is not fit to eat, if one knows what good meat is and has an opportunity to choose it when buying.

Our beef needs no introduction, and it is with you whether you want selected goods and something you can relish for your money.

We are positively in line with more varieties and a better grade of fresh meats than all competitors. We can supply you with better cuts of fresh meats than any other market.

Try our meats, and get something in exchange for your money that you can enjoy.

M. M. STEVENSON,

Telephone No. 62.

derer is bad for any cause, but trebly bad for a church. He represents, however, nothing but his own evil and malicious imaginations. A man who would think such thoughts of pure and devoted young men and women—it is hard to say what he may be himself. The Catholic church of America ought to refuse to recognize him. He is a disgrace to it, just as ex-Priest Slattery is a disgrace to what he calls his protestantism.

Some Meat That Has Not Advanced.

Notwithstanding the fact that all classes of fat stock have advanced out of sight of all expectation, the Newton Meat Co. wish to call the attention of the public generally that they have not advanced the price on their prime Sunday roast beef, and they are selling more of those fine roasts than ever, for they are something that is hard to get elsewhere. For this reason we have the largest amount of cold storage by one-half than any two other markets in Sedalia, and we cut our prime roasts off several days before they are offered for sale and put them away in our mammoth refrigerators and when they come out and are sent out to our customers they never fail to give the very best satisfaction. This is something that cannot be had elsewhere in Sedalia.

In fact all of our meats are held in our cold storage vaults for several days before they are offered for sale. This is why they give much better satisfaction than you get elsewhere. We notice one fact which will give an idea of what estimation is placed upon our meats. Whenever any family is expecting company and want something extra and prime they always call on Newtons to furnish the meats. Why is this? You all know.

Come in. You will always receive the best of treatment and the choicest meats. Telephone 120.

GOOD SIZED FORTUNE.

A Little Swiss Girl Becomes an Heiress.

The following appeared in the St. Louis Chronicle last evening as a Sedalia special dispatch:

Early in 1891 John Roth and his wife, Elise, both Swiss, died suddenly the same day of pneumonia, on their farm in the southern part of Pettis county, and were buried in one grave. They left a little 2-year old girl, who is living with adopted parents near Windsor.

Today a letter came from the Swiss consulate at St. Louis saying that the little girl had been left a good sized fortune by her grandmother, who died recently in Northern Switzerland. It was necessary to prove that the little girl's parents were legally married. The record of Pettis county failed to show it, but it is said the license was issued in Henry county.

May Devotions Tonight.

Special May devotions will be held at Sacred Heart church at 7:30 o'clock tonight. During the services, which will be conducted by Rev. Fr. Peter Shirack, assistant pastor, the girls of the school, dressed in white and bearing floral offerings, will march through the aisles and place their tributes upon the altar of the Blessed Virgin. The ceremonies are beautiful and

impressive, and the edifice promises to be filled to overflowing to listen to the special music and witness the children's marching.

"We take pleasure in recommending Chamberlain's Cough Remedy because it is praised by all who try it," says J. W. Cox & Son, druggists, Marshfield, Oregon. No one afflicted with a throat or lung trouble can use this remedy without praising it. It always gives prompt relief. It is especially valuable for colds, as it relieves the lungs, makes breathing easier and aids expectoration. A cold will never result in pneumonia when this remedy is taken and reasonable care exercised.

Dear Sirs—I have been a tobacco fiend for many years, and during the past two years have smoked fifteen to twenty cigars regularly every day. My whole nervous system became affected, until my physician told me I must give up the use of tobacco for the time being, at least. I tried the so-called "Cure," "No-To-Bacco," and various other remedies, but without success, until I accidentally learned of your "Baco-Curo." Three weeks ago today I commenced using your preparation, and to-day I consider myself completely cured. I am in perfect health, and has completely left me. I consider your "Baco-Curo" simply wonderful, and can fully recommend it. Yours very truly, C. W. HORNICK.

RAILROAD RUMBLE.

Missouri Pacific Train Stopped at Warrensburg.

TWO COLORED MEN DID IT

Items of Interest Picked Up From Various Sources for the Benefit of "Democrat" Readers.

Yesterday morning as Missouri Pacific freight train No. 135 was pulling into the east siding at Warrensburg two colored men named Stine Jones and Green Morrison threw rocks at the caboose as it passed under the Maguire street wagon bridge, so the hind brakeman claims.

He pulled the window open and took a shot at them, says the Star. Stine Jones took to his heels, but Morrison stood his ground and had some words with the brakeman.

Morrison says he did not throw a rock at the train, but that Stine Jones did. He went up before Judge McDonald and swore out a warrant for the arrest of the brakeman, but the train pulled out before the papers could be served on him. Conductor Butts, who had charge of the train, telegraphed to Sedalia for the Missouri Pacific detective to visit Warrensburg and arrest the two colored men.

The Fleming Manufacturing Co., of Huntsville, Mo., has a suit against the Wabash railroad for \$10,551. The petition alleges that sparks from a locomotive set fire to some dry grass and stubble and spread to the works of the plaintiff, destroying its large brick factory, sheds, shops and other buildings and a large number of manufactured goods to the extent of the sum claimed. Defendant's answer is a general denial.

The suit of G. W. Throckmorton vs. the M., K. & T. of Texas for \$50,000 for alleged personal injuries, was decided at Sherman Friday, the jury finding for the defendant. Throckmorton was a carpenter, working at a wreck near Belcher, when a switch chain gave way and the plaintiff alleged injured him. The accident happened December 23d, 1892, after which Throckmorton was sent to the hospital. Dr. McNeil, of Sedalia, attended the trial.

Of the eleven St. Louis lines that have reported for the third week of April, nine made gains amounting in the aggregate to \$87,326. As the combined losses of the other two are only about \$2,000, the net gain for the St. Louis roads is more than \$85,000, or 5.28 per cent. The Missouri, Kansas and Texas heads the list again with an increase of nearly \$47,000—a gain of 27 per cent. It is gratifying to find the Frisco and the Louisville and Nashville again on the right side, as also the Missouri Pacific.

HONEST VALUE THE KEYSTONE to SUCCESS

If there's merit in your goods there's no need to over-estimate their worth to bring the public to their shrine. Padding of price and saddling of fictitious values upon goods don't add one iota to their real worth and that's discovered on investigation. What we assert in our advertisements we fulfill at our store; what we claim for our goods will be made evident on the most superficial examination. And with it all, you'll find more real value for your money here, where the rays of truth are permitted to shine, than at houses where reprehensible methods and absurd assertions are the baits that draw the unwary to the net.

Men's Suits Men's Suits Men's Suits
—AT—
Fifteen Dollars.
We commence the price scale at \$3.50, jump to \$4.00 and \$5.00—each as meritorious goods as can possibly be gotten together for so little money, and equal to any at like price anywhere in the whole world. But the low price suit that we pride ourselves on is all wool, made with as much care and as stylish as any—at \$5.00. There are many patterns to select from—your range of choice is not limited to one or two styles. The suits come with square or round cut sack coats and need only to be seen to be thoroughly appreciated—AND BOUGHT. They are not worth \$10.00, but they are the very best suits that ever saw the light of day for the price we ask for them.
A most thoroughly handsome and admirable assortment of suits at \$10.00. We don't jump from \$5.00 abruptly to \$10 but the \$10.00 mark is one of a distinct and entirely different grade of materials. We have suits at \$6.00, at \$7.00, at \$8.00—and good ones. But the \$10.00 suit is a suit that is princely in all its appointments; made of superior domestic fabrics of highest grade; tailored in a style surpassed by none and equaled by few. The newness is evident, the worth transparent and the choice almost unlimited from the vastness of the assortment. Come in all shapes of coat and about 150 different patterns—each of the present season.
We plant our colors and defy the world. We show at least 150 different styles of Men's Suits in Sacks, Frocks and Cutaways—the peers of any custom-made suits to be found hereabouts. English, French and Belgium Tweeds, Simoni Cassemères, Clays, English Worsteds, &c., &c., and worth compared with the prices charged elsewhere from \$20.00 to 22.00.

Long and active in the interest of the public has made this store the store of Sedalia—the largest, the best, the most thoroughly reliable. That our efforts are appreciated our steady growth most heartily and satisfactorily attests. Honest value linked to honest methods is bound to win the day. We're grateful for your patronage of the past, and working on the surest plan to retain it for the future. Our confidence in the merit of our goods is evidenced by the offer of your money back whenever you prefer it.
